

TRADITIONAL DESIGN, MODERN FEATURES

Kömmerring Vertical Sliding Sash Window

A CLASSIC LOOK WITH MODERN ADVANTAGES

KÖMMERLING VERTICAL SLIDING SASH WINDOWS ALLOW YOU TO ENJOY THE BEST OF BOTH WORLDS. IDEALLY SUITED FOR USE ON PERIOD PROPERTIES, THEY DELIVER ALL THE BENEFITS OF MODERN PVCu WINDOWS BUT IN A DESIGN THAT RETAINS A TRADITIONAL AND TIME-HONOURED APPEARANCE.

To maximise their character and charm, these windows offer Sculptured Astragal bars, sash horns, two sliding sashes and a unique selection of hardware. They also provide the freedom to choose from a range of beautiful finishes and an extensive palette of colours which includes White, Golden Oak, Cherrywood, Irish Oak, Cream and many more.

TECHNOLOGY MEETS TRADITION

YOUR PROPERTY IS SO MUCH MORE THAN JUST A HOUSE, IT'S YOUR HOME. SO WHEN YOU WANT TO CAPTURE THE LOOK OF A TRADITIONAL VERTICAL SLIDING SASH WINDOW, OUR PVCu WINDOWS ARE THE PERFECT SOLUTION.

Manufactured to maintain the elegant proportions of traditional sash windows, whilst incorporating the very best of modern technology, our system enables you to enjoy the low maintenance and high security of PVCu without the problems associated with timber sash windows. Your new windows are guaranteed for ten years as they are manufactured from the highest quality materials under strict quality controls.

Our windows feature tilting upper and lower sashes for ease of cleaning, low line beads and gaskets for improved sightlines, energy efficient glass to reduce heating bills, and, above all, they are quality assured for your peace of mind.

From a terraced house to a stately home, our vertical sliding sash windows ensure your property retains its character and charm. You can choose from a wide range of styles, colours and hardware options to complement your home perfectly.

KEY FEATURES

- > Sculptured Astragal Bars
- > Traditional run-through sash horns
- > Both sashes slide
- > A choice of hardware
- > Deep bottom rail option
- > Reinforced with galvanised steel
- > High quality balances
- > Robust locking devices
- > Low maintenance – no sanding or painting

EASY MAINTENANCE AND CLEANING

YOU CAN AVOID THE NEED OF COSTLY CLEANING CHEMICALS, VARNISHES AND PAINTS THANKS TO THE BENEFIT OF PVCU.

Your new windows will never rot, flake, peel or rust. They will simply require an occasional wipe down with a damp cloth. The PVCu vertical sliding sash windows not only slide up and down but also tilt inwards enabling the panes to be easily accessed for cleaning from the inside.

SAFE AND SECURE WITH A BEAUTIFUL FINISH

OUR VERTICAL SLIDING SASH WINDOWS ARE NOT ONLY ELEGANT AND AUTHENTIC – THEY OFFER UNCOMPROMISING SECURITY.

Our vertical sliding sash windows are fully reinforced with galvanised steel. This strengthens the sash to prevent deflection in windy weather and provides a strong and secure fixing for handles, latches, and other components. The high-quality balance mechanisms are used to maintain the equilibrium of the sash window at all points when traveling and robust locking devices ensure your home is locked up tight. For added security, an anti-jemmy aluminium bar is available. All of this gives you improved strength, greater safety and the reassurance that your windows are built to last.

ENJOY A WARMER, MORE ENERGY EFFICIENT HOME

TODAY'S WINDOW DESIGNERS HAVE A CHALLENGE ON THEIR HANDS. NOT ONLY DO THEY NEED TO DESIGN WINDOWS TO KEEP OUT THE WEATHER AND LET IN THE LIGHT, BUT THEY ALSO HAVE TO CONSIDER THE ENVIRONMENTAL IMPACT TOO.

Our windows are lead-free and carry an A energy rating as standard, with low-e double-glazed units to keep the heat in and help reduce your heating bills. The windows also have brushed seals around the openings to prevent even the slightest draughts. Choosing PVCu over timber is an environmentally friendly choice – nearly all our PVCu windows can be recycled over and over again to produce new windows.

As a result of installing our vertical sliding sash windows, you are not only contributing to the environment by reducing your heating bills, but you will also feel more secure and comfortable in your home all year round.

FIND YOUR PERFECT COLOUR AND FINISH

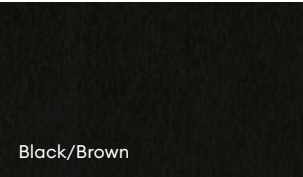

GONE ARE THE DAYS WHEN YOU COULD HAVE ANY COLOUR OF PVCU WINDOW YOU LIKE, SO LONG AS IT'S WHITE. KÖMMERLING VERTICAL SLIDING SASH WINDOWS OFFER YOU A WHOLE WORLD OF COLOUR CHOICES AND FINISHES - FROM THE TRADITIONAL TO THE CONTEMPORARY. FROM THE BOLD TO THE UNDERSTATED. AND EVERYTHING IN-BETWEEN.

Cherrywood

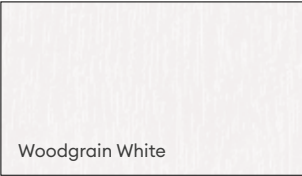

Golden Oak

Black/Brown

Irish Oak

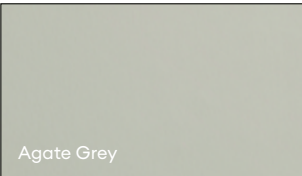

Woodgrain White

Chartwell Green

Cream

Agate Grey

Grained Anthracite Grey

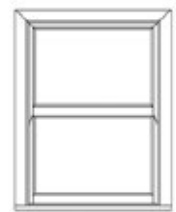

High quality balance weights and hardware are fixed to integral reinforcements for a reliable and smooth opening time after time. Hardware is available in White, Gold, Chrome and Satin Chrome.

To achieve a traditional look without the need for individual units of glass, our vertical sliding sash windows offer a choice of internal/external glazing bars. Run-through sash horns provide an alternative decorative option for a truly authentic look.

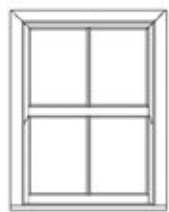

SHAPES AND STYLES

Our vertical sliding sash windows can be manufactured to a style that suits you. Here are just a few examples of the bar layouts available. Our windows come with equal sized top and bottom sashes as standard, however we are able to manufacture other split ratios at your request.

A WINDOW TO A BETTER WORLD...

IF A PRODUCT IS AESTHETICALLY APPEALING AND HIGH PERFORMING, DOES IT MATTER HOW IT IS MADE? AT KÖMMERLING, WE THINK IT DOES.

We don't believe that beautiful windows and doors should come at the expense of our even more beautiful planet. That's why a commitment to the environment, and to society as a whole, underpins everything we do.

Reflecting this, we were one of the first manufacturers of PVCu windows and doors to replace lead-based stabilisers in our profiles with non-toxic, more environmentally friendly calcium zinc-based alternatives.

We were also a founding member of an industry-wide project to recycle PVCu window and door waste into new window and doors as well as being the first company on the market to obtain 'Zero Pellet Loss' certification. This initiative helps to keep plastic out of the world's oceans and other environments.

The "Kömmerring Better World Stiftung" foundation, meanwhile, is our own not-for-profit charitable organisation. It raises money for a wide range of equally worthwhile causes including the care of the elderly, cancer research and children's homes.
